CAREER OBJECTIVE

A dual degree in Information and Communication Technology and International Relations. Seeking an opportunity to blend analytical, research, and technical programming skills to contribute to Cambodia's progress toward digitalization.

PROFESSIONAL EXPERIENCE

American University of Phnom Penh

Aug 2024 - May 2025

Tutor [part-time]

- Delivered one-on-one tutors in History and Political Science, adapting lesson plans to individual learning needs and boosting student performance.
- Designed and facilitate freshman orientation workshops on effective study strategies, improving first-year engagement.

Center for Southeast Asian Studies (CSEAS), IISPP

Feb 2024 - Oct 2024

Young Research Fellow [project-based]

- Completed an intensive mentorship in advanced research methodologies
- Co-authored a policy chapter advocating legalisation and regulation of surrogacy in Cambodia.
- Authored a policy chapter analysing Singapore's 2024 prime-ministerial transition and its regional implications.

Digital Government Transformation Dept., Digital Government Committee

Jun 2023 - Aug 2024

Software Developer [intern]

- Engineered a Scrappy pipeline to extract, parse and clean Khmer-language web pages for an AI-driven Khmer NLP dataset.
- Enhanced the Cambodia Government Design System (CGDS) by developing reusable Jekyll/Sass/Bootstrap UI components and authoring comprehensive, WCAG-compliant documentation in both English and Khmer for seamless cross-agency adoption.
- Developed a provincial government WordPress theme by creating React-based Gutenberg blocks styled with Bootstrap, setting up automated CI/CD deployments
- Served as Liaison Officer to the Minister of Technology and Communications, Laos at the 2024 Digital Government Forum.

EDUCATION AND CERTIFICATIONS

American University of Phnom Penh

2022 - JULY 2025

B.Sc. Information & Communication Technology (Software Development)
